

# P-926 Inclinometer

(Inclination sensor)  
(Pitch e Roll)

**MODELO COM  
BRAÇO ARTICULADO**

**MODELO RACK**

## Dimension

60 x 190 x 90 mm

## Weight

346g

## Applications:

Dump trucks, munck trucks, cranes, general machines.

## SENSOR

## Dimension:

90 x 75 x 35 mm

## Weight:

257g

## CHARACTERISTICS

- Angles Pitch and Roll
- Easy calibration
- Resistant metal box
- Date and time
- Registry last 8000 events
- Password for settings

## ESPECIFICATION

- Input: 24 VDC
- Display OLED (Organic Light Emissor Diode)
- Communication Cable: Teflon 4 x 26AWG - 200°C – 600V isolation
- Warnings: 5 LED's + 1 buzzer
- Sensor IP 67
